Dear Mrs. Murray,

I am writing this letter to reaffirm my intentions of enrolling in the University of Northern New Jersey on the fall of 2009. I have attached my completed application, along with the required documents, to this letter.

I strongly believe that I would be an optimal candidate for a position at the University of Northern New Jersey. I have prospered in my high school studies, and continue to take an interest in higher levels of academia. I have volunteered in my community and have shown what an upstanding citizen I am.

I hope you make the right decision on admitting me into the incoming class for the fall 2009 session at the University of Northern New Jersey.

Thank you for your time!

Sincerely,

Jamie Langden
