By signing this contract, I recognize that no puppy will be released to the purchaser prior to 8 weeks of age, per the Pennsylvania Statute 34 P.S. § 459-603. Those who intend to purchase a puppy from a current litter may visit the puppies and their mothers no sooner than 5 weeks of age. I understand that this is because Lauden Labs takes the health and safety of all puppies and dams very seriously. All visits are by appointment only at the discretion of Lauden Labs.

Those who have placed a deposit on a current litter will be contacted when the puppies reach five (5) weeks of age to schedule a time to pick a specific puppy during the sixth (6th) week. Lauden Labs will give preference of appointment day and time by the order in which deposits were received.

The remaining balance of $_____, is due when the puppies are of legal age to go to their new homes. Puppies may be kept beyond the legal release date of eight (8) weeks at a rate $10/day. Regardless of pre-arranged date of pick-up, payment must be made in full by the release date, on _____. If the remaining balance is not received by the release date, Lauden Labs reserves all rights to offer the puppy to another buyer without any further obligation to the buyer who placed the non-refundable deposit.

In accordance with Pennsylvania Statute 73 P.S. § 201-9.3, Lauden Labs will provide record of all vaccinations, a certificate of physical examination by a licensed veterinarian, and a guarantee of good heath for the specific puppy being purchased.

Vaccination records will include vaccine name, date given, weight of the puppy at the time of administration, and administrators signature. It is Lauden Labs' policy to send all puppies to their new home with doses of Happy Jack Wormer given at weeks 2, 3, 4, 6, and 8. Puppies will also be given Safe-Guard (fenbendazole) de-wormer at 7 weeks of age for 3 consecutive days. All puppies also receive Canine Distemper-Adenovirus Type 2-Parainfluenza-Parvirus Vaccine at 6 weeks. All other vaccinations will be the responsibility of the new owner following the date of pick up

In addition, puppies will receive a full physical examination including general appearance, integumentary, musculoskeletal, circulatory, respiratory, digestive, genitourinary, eyes, ears, neural system, lymph nodes, and mucous membranes no sooner than ten (10) days prior to purchase. Currently, Dr. Joy Lenker of Great Creatures Veterinary Services provides these services for Lauden Labs. If Dr. Lenker would find any abnormalities during the physical examination, Lauden Labs will attempt to notify the purchaser within three (3) business days.

Lauden Labs will provide all purchasers with a guarantee of good health. The guarantee of good health is signed and dated by the breeder at the time of delivery of the puppy. This guarantee is an affidavit from the breeder expressing that the puppy appears to be free of and does not exhibit any signs of disease or infection. As the guarantee of good health clearly states, "THIS GUARANTEE DOES NOT WARRANT THAT THIS DOG HAS BEEN EXAMINED BY A VETERINARIAN. THE PURCHASER IS ENCOURAGED TO HAVE THIS DOG EXAMINED BY A VETERINARIAN AS SOON AFTER PURCHASE AS IS FEASIBLE."

All puppies purchased through Lauden Labs are given a thirty (30) day health guarantee. If you take your puppy to a licensed veterinarian within 10 days of purchase, and the veterinarian determines that your dog is clinically ill or had died from an injury sustained or illness likely to have been contracted on or before the date of sale and delivery, the puppy's purchaser has the following options:

- Return the dog for a complete refund
- Return the dog for a replacement dog of equal value
- Retain the dog and receive reimbursement for reasonable veterinary fees, not exceeding the purchase price
