Small alarm clock, pager, or watch to be used as an alarm clock

#### Special Considerations:

1. Keep the number of packs of your equipment to a minimum. You should be able to carry them all at once for a short distance.
2. Military duffel bags are ideal. Vacation type luggage is acceptable, but discouraged.

3. Label ALL your equipment with your name and address.
4. Absolutely NO Sterno, propane or compressed gas containers should be in your gear. Chemical heaters are acceptable.
5. It is possible there will be no electrical outlets available. Electrically powered items are discouraged.
6. Consider packing each of your day's worth of clothes in a separate zip lock bag for easy retrieval of that days items.
7. Pack all equipment in your pack in separate zip lock bags in case your pack is exposed to the weather.
